Lot Locations

Standards and format

These are the standard Lot Location formats.

Lot Location	Description
A-1	Basic format. [Row letter]-[Pallet Location Number]
A-1, B-2	Lot in two locations. Each location is separated by a comma and space.
A-1, B-2, C-3, D-4	Lot in multiple locations.
A-1 AISLE	Lot located in an aisle. Write the closest location followed by the word "AISLE".
A-1 AISLE, B-2	Lot in 2 locations, one of which is an aisle location.
A-1 AISLE, PROC STAGE	Lot in 2 locations, one is an aisle and the other is in Processing.

These are text locations that are allowed. Both the Lot Location and the Short Name are valid lot locations.

Lot Location*	Short Name*	Description
RECEIVING STAGE	REC STAGE	Lot is in Receiving area.
PROCESSING STAGE	PROC STAGE	Lot is *either* in Processing *or* in the Processing Stage area.
BLENDING STAGE	BLEND STAGE	Lot is *either* in Blending *or* in the Blending Stage area.
PACKING STAGE	PACK STAGE	Lot is *either* in Packing *or* in the Packing Stage area.
SHIPPING STAGE	SHIP STAGE	Lot is *either* in Shipping *or* in the Shipping Stage area.
VAULT	VAULT	Lot is in the vault.
EX STAGE	EX STAGE	Lot is in the EX Stage area.
CONTAINER	CONT	Lot in a container. Follow the same basic "A-1" format as above, replacing the row letter with the word CONTAINER or CONT. Example: "CONT-1, CONT-2"

* Both the Lot Location and the Short Name are valid lot locations.
